Letter no 2535 dt 12-9-28 from the Chief Engineer in which it states that it is desirable to keep a stock of explosives in the P.W.D for issue to Lic. contractors for well works and requests that the Ex Engr may be vested with general power to keep such a stock in view of the audit objection to the procedure raised by the Comptroller as the transactions will be with licensees.

While reviewing the D.F. Audit Report for 25-6, Govt approved of the suggestion made by the Honble Dt Bd that a sufficient stock of explosives should be kept by the P.W.D for issue to well contractors and requested the Chief Engr to take necessary action in consultation with the Dy Comrs.

SIR,

Adverting to your letter No.L.6789/L.B.77-26-13 dated the 25th March 1927, forwarding, for needful action, an extract from paragraph 8 of G.O.No.L.6769-88/L.B.77-26-12 of the 25th March 1927 in the matter of keeping a sufficient stock of explosives in the Public Works Department with a view to supply them to the Local Board contractors who hold licenses, etc., I have the honour to inform you that the blasting materials were being sold to the contractors as required in the Government Order referred to above, but the Comptroller of Mysore has taken objection to the procedure as the transaction is one with private parties

2. I agree that the policy of Government is to encourage the Local Bodies to excavate as many wells as possible in villages and minor towns and for this purpose all facilities have to be given. There cannot be any objection to the issue of the explosives to the Local Board contractors on the production of licenses. As however there is an audit objection, I request you to kindly obtain orders of Government to vest general powers in the Executive Engineers for the purpose.

I have the honour to be,
Sir,

SALES OF EXPLOSIVES.

With reference to G.O.No. L.4103-29/L.B. dated 8/11.12.28, authorising the Executive Engineers to sell explosives to local boards contractors also forwarded in your No. 4712 dated 2.1.1929, I have the honor to state that besides local board contractors, private persons especially planters holding license will demand the sale of explosives to them also for their private works. Before the receipt of the above Government Order, sales of explosives to planters were being made from a long time on the authority of license. As the explosive articles are stored only in this department and no where else in this District and as there will be frequent requisitions from the planters for explosives, I request that sanction of Government may be obtained and communicated for selling explosives to private persons also on production of licenses. If necessary a list showing sales to private persons will be submitted every month to you for information, as is done in the case of Tools and Plant.
